THE ALBANY INSURANCE COMPANY.

INCORPORATED A. D. 1811.

Cash Capital and Surplus \$200,000.

Office 56 State Street.

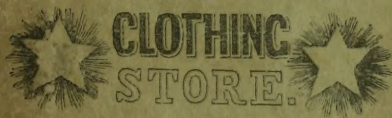

This old and well-known Company have been engaged in business Fifty Years, and have been favored with a liberal patronage, and the entire confidence of the Public. Their reputation for responsibility and fair dealing, they may venture to say, has never been dishonored. Their rates are in some cases higher than those of institutions competing with each other in a reckless manner; but their Policies are found much more advantageous to the insured, in the event of misfortune, and are properly appreciated by those who have suffered from "Cheap Insurance."

TO OUR PATRONS.

Believing the "City Directory" to be an indispensable annual publication with our merchants, manufacturers and citizens generally, we have notwithstanding the sad and deplorable condition of the country, entered upon and completed the duties, as heretofore, promptly during the month of May.

The canvassing for the general information has been done as usual by our former agents, whose experience and faithful attention to their labors has enabled them to find a large increase of names over those of last year, showing conclusively that the work has been done in a thorough and satisfactory manner. Yet we are not so vain as to suppose we have attained perfection in this issue, for our experience in the making of Directories, teaches us that it is impossible to collect and compile the names of all the citizens, in a city containing as many inhabitants as Albany, and to print the same without some errors or omissions; consequently, we ask the indulgence of those who seek in vain for their names, or who find them not properly inserted, and to all such we urgently request they give us immediate notice, that we may be able to insert them correctly another year.

The Advertisers will again please accept our thanks for their liberal patronage, and we assure them that no pains has been spared to place their notices in as prominent manner as possible, and to the inserting of their names in CAPITALS, under all the headings in the classified Business Department, that appertain to their several vocations.

Number of names this edition,	18,303
Number of names in last year's issue,	16,887

Increase over last year,	1,416

DIRECTORS.

IRA JAGGER,
WM. DEY ERMAND,

JOHN G. TREADWELL,
SAMUEL H. RANSOM,

MORGAN L. FILKINS,
WM. HEADLAM, Jr.

This Institute, established as it is by those interested in the welfare of the Public generally, and the Mechanics and Artisans of our City especially, commends itself to their Confidence and Patronage.

It is especially intended for the advancement of their best interests, by a more general diffusion of useful knowledge among them, by means of LECTURES upon those subjects most nearly connected with their interests and vocations, embracing NATURAL PHILOSOPHY, CHEMISTRY, ASTRONOMY, MATHEMATICS, MECHANICS and the ARTS; also, by ANNUAL EXHIBITIONS of their handiwork for COMPARISON and COMPETITION FOR PRIZES AND AWARDS FOR MERIT, thereby stimulating to improvements, and by LIBRARIES, MAPS, MODELS and MUSEUMS, together with such other modes as may, from time to time, seem best for the advancement and success of the Members of the Institute.

TERMS—Life Members, \$10; Annual Members, \$3.

Members entitled to all the Privileges, as Exhibitions, Lectures, and Competition for the Honors of the Institute.

All persons interested in the success of the Institute, and its benefits, are earnestly solicited to apply to the Secretary or Treasurer for Circulars, giving all the information concerning its organization and management, together with its CHARTER and BY-LAWS, all of which are published in a neat pamphlet form, and will be mailed to any address, upon application.

PATENTEES AND MANUFACTURERS OF

**EMERY'S PATENT CHANGEABLE RAILROAD HORSE POWER.
ALSO LEVER POWERS.**

For Four, Six and Eight Horses, of new and superior construction, together with a great variety of labor-saving
AGRICULTURAL MACHINERY.

ALSO

General Dealers in Implements and Seed.

HORSE POWERS.

It has ever been the aim of the proprietors to make none but the first class of work, and always use the best materials and workmanship. In the construction of their Horse Powers they have endeavored to adapt them most readily and advantageously to the great variety of purposes required by the Farmer and Mechanic. The same considerations have guided them in the construction and adaptation of the various Machines made and sold by them, and to be driven by the power, in calculating their various velocities, forces, pulleys and gears, required to enable them to operate in their maximum efficiency, which is the great secret of their success.

THRASHING MACHINES

WITH
SEPARATING AND CLEANING ATTACHMENT.

Combined and adapted for all kinds and conditions of grain, &c.

This machine is the greatest success in its line yet produced. It can be operated with two horses as easily, and with equal results, as the ordinary thrashing machine without the cleaning attachment; while its capacity adapts it equally well to the force of four or six horses.

It will thrash perfectly clean from the straw, and clean the grain for market without any wastage in any part of the process.

It is complete in one frame. Very compact and simple—runs light, still, and without any concussion from its moving parts. It has been very extensively used during the past two harvests, and its superiority over any others in market established beyond question, and considering its capacity and cost of construction it is at least fifty per cent cheaper than any other similar machine in use.

CLOVER MILLS AND CLEANERS.

This is a new Machine comparatively, and is believed to be one of the best Machines for the purpose ever made; can be driven by one, two, or more horses at a high or slow velocity, and do equally good work, and with wet and bad as well as good condition, of the clover chaff. It cleans the seed and delivers it fit for market at the same operation.

STALK AND STRAW CUTTERS

For Horse Power—a strong and durable Machine, and adjustable to any length of cut.

SAWING MILLS.

With Circular Saws for Cutting Fire-wood, Slitting Boards, Plank, &c., for fencing and building purposes; also with Machine Cross-cut for cutting Logs for Wood, Shingles, Staves, &c.; also Mills for making Shingles.

FEED MILLS

For Grinding all kinds of Grain for Feeding, as well as corn in the ear when desired. Several sizes, and with or without Sieves and Bolts attached.

CIDER MILLS

For Power and Hand use, with and without Press attached. These Mills and Presses are of a superior style and utility to any others in use.

COTTON GINS

WITH
COTTON LINT CLEANER AND CONDENSER.

Cotton Gins with improved Feeding Hoppers, with 30 to 100 Saws, calculated for one to eight horses. These are superior in finish and adaptation to the wants of the Cotton Grower, to anything of the kind before offered to the public.

The Lint Condenser is an attachment suited to any ordinary Cotton Gin; it receives the lint as it is discharged from the gin, condenses it and delivers it compact, ready for the press at one and the same operation, and at the same operation cleanses it from all extraneous matter, as sand, dust, &c. It dispenses with the necessity of any lint room and large buildings, as the Gin may be equally as advantageously used in the field as the grain thrasher, and when used in buildings it requires no more additional room than the size of the Gin itself occupies. It is also a perfect safeguard against fire, as it is impossible for burning lint to pass through the machine without the fire being extinguished in its passage, thus making this Cotton Gin with its condenser fire-proof. They have been extensively used in Georgia the past two crops, and the cotton made by them has commanded an advanced price over that ginned by the best machines in use.

AGRICULTURAL IMPLEMENTS

Constantly on hand, embracing a large and selected assortment of Plows, Harrows, Cultivators, Dog Powers, Churns, Cheese Presses; also Forks, Hoes, Shovels, &c., always on hand at the lowest manufacturer's terms.

ILLUMINATED CATALOGUE.

The Proprietors have completed their new Catalogue the most complete and beautifully illustrated work ever published by any manufacturer, embracing a great number and variety of finely executed and carefully prepared

Illustrations and Descriptions,

together with ample references and indexes as well as the Prices, Terms of Sale, Weight, Cubic Measurements, Capacity, Directions for use, Durability and Warranty of their

ALBANY FEMALE ACADEMY AND Boarding School.

This is one of the oldest institutions for the education of females in this country. Its Graduates and Pupils, many of whom have enjoyed its advantages from the very commencement of school life, are to be found in all parts of the land, and adorn the highest social positions.

The Trustees have spared no pains or expense in furnishing it with the most approved and complete appointments, and with a corps of Teachers believed to be unsurpassed in any similar institution.

In addition to its regular course of English studies, facilities are afforded for the acquisition of every accomplishment belonging to a liberal culture and a complete education.

Parents wishing to place their daughters under the more especial care of the Principal, will find his residence one of the most beautiful and appropriate in the city, and may derive all the advantages of the best Boarding Schools.

SPECIAL OPPORTUNITIES

for the acquirement of the FRENCH LANGUAGE are offered, as well as for the study and practice of

A SCHOLARSHIP PURCHASED AT ONE POINT IS GOOD AT ALL.

The constantly increasing patronage of this School has rendered an enlargement of its numerical facilities imperative; The proprietors have accordingly leased the elegant Hall in the new Iron Front Building, No. 43 and 45 North Pearl Street, and amply furnished it with every convenience for giving instruction in the specialities embraced in their course. The Hall is very accessible, and the location is one of the most eligible and healthy in the city.

In their new commodious quarters, and with their increased facilities, the proprietors feel confident in their ability to meet fully the demand for a comprehensive course of instruction, supplementary to that obtained at other schools, and preparatory to entering upon an active business career.

NEW TEXT BOOKS.

The following have been prepared expressly for their course :

BRYANT & STRATTON'S COMMERCIAL LAW: A Text Book for Commercial Colleges and Law Schools, and also a Book of Reference for Business Men and the Profession. By AMOS DEAN, LL. D., Prof. of Law in the Law Department of the University of Albany. 550 pp. Published by D. Appleton & Co., 443 and 445 Broadway, New York.

The ability and experience of the author are too well known and appreciated in this community to require commendation. The work has received the highest encomiums from the profession and business men throughout the country.

BRYANT & STRATTON'S BOOKKEEPING, in three editions. 1st, Primary, for Common Schools; 2d, High School, for High Schools and Academies; 3d, Counting House edition, for Accountants and Business Men. Published by Ivison, Phinney & Co., 48 and 50 Walker Street, New York.

This work is beautifully printed in colors, exhibiting the books and forms just as they appear in the hands of an accomplished, scientific accountant, and is by far the most comprehensive and philosophical work upon this subject extant.

BRYANT & STRATTON'S COMMERCIAL ARITHMETIC; in two parts. Designed for Commercial and Agricultural Colleges, Normal, and High Schools and Academies. Published by Phinney, Blakeiman & Mason, 61 Walker Street, New York.

SPENCERIAN SYSTEM OF PENMANSHIP. By P. R. SPENCER. The only practical Commercial system extant. Published, for all grades of schools, by Ivison, Phinney & Co., 48 and 50 Walker Street, New York.

The following testimonial was received from Alderman J. SCHUYLER of this city. This is only one of the many equally flattering testimonials in my possession, showing the superiority of these scales over all others.

R. GROOM—SIR: In the Spring of 1856, you put up in my yard, corner of Bassett and Franklin Streets, one of your Four-Ton Coal Scales. At the same time, FAIRBANKS put up in my yard at No. 175 Broadway, one of his Coal Scales of the same capacity. Since then, to the present time, both scales have been in constant use and tested thoroughly. I am confident that the scale put up by you is, in every respect, far superior to the one put up by Fairbanks. I cheerfully recommend the scales of your manufacture, to all others, being satisfied that they can not fail to give perfect satisfaction.

Albany, October 19, 1858.

Yours truly,

JAMES SCHUYLER.

Analytical Laboratory,

ALBANY MEDICAL COLLEGE, May 2d, 1859.

I have made careful chemical examinations of several samples from different brewings of the article known as "McKNIGHT'S MALT WINE," and find it to be, as represented, a liquid containing nothing but the fermented extract of malt and hops. The different specimens were found to be nearly uniform in composition—the slight difference observed being principally in the amount of alcohol present, owing probably to the varying length of time that had elapsed since the brewings were made.

The Malt Wine examined contained no excess of saccharine matters, such as sugar or honey (as is often the case with similar articles), and which have the effect to mask, to a more or less considerable extent, the peculiar flavor of the hop, and at the same time to diminish the medicinal value of the malt liquors in which they are found.

The amount of alcohol contained in the "MALT WINE" is considerably greater than is generally found in American Ales. From the examinations I have made, I am satisfied that the "Malt Wine" is made from carefully selected barley and hops, and is skillfully brewed; that in point of purity, and all desirable qualities, it is fully equal to the best imported ales. As such I can confidently recommend it to the public as an agreeable beverage, and to Physicians as a desirable article for medicinal use.

Dr. PARMENTER'S CELEBRATED
MAGNETIC OIL.

PREPARED BY

L. PARKER, Office, No. 183 North Pearl Street, Albany.

PRICE 25 CENTS PER BOTTLE.

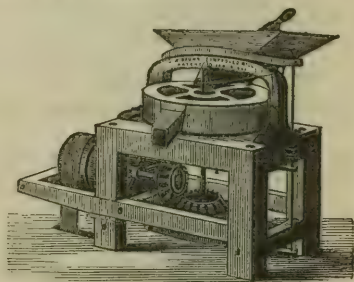

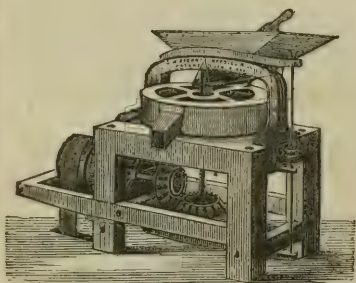

DIRECTIONS FOR USE.—Apply the Oil to the parts affected and rub it in well with the hand. For the Toothache, soak a little cotton in the Oil and place it in the tooth. For the Earache, put a little Oil in the ear. Give 3 or 5 drops to children for Croup. For Colds on grown people give 8 to 12 drops. For Quinsey and Sore Throat it has not its equal, and will cure a Felon when it first commences by filling cotton with the Oil, and bind it on the Felon before it begins to mature.

Every family ought to place a bottle on the shelf where it can be had any time in the family to apply to a burn or bruise or cut. Be sure to apply for the Magnetic Oil that is put up by **L. PARKER, No. 183 North Pearl Street, Albany, N. Y.** None other is genuine or can be relied on.

ADJOINING BANK OF THE CAPITOL.

ALBANY GENERAL INFIRMARY.

[From the Glen's Falls Messenger.]—"Some of the cases cured by Dr. Liston had been treated by the most skillful physicians in this country in vain. Science and skill merits praise, and a reliable physician, whose cures by simple treatment, astonish the most despairing, deserves the confidence of the public."

Whitehall, N. Y., Feb. 23, 1861.
My daughter, aged 12 years, was seized five months since with inflammation of the eyes, and during the greater part of that period had been entirely blind. She had been treated by our physicians in vain.—When placed under Dr. Liston's care, her eyes bore the appearance of raw, bloody beef, and were sightless, the edges were smeared with pus and matter, and the lids so swollen as to disfigure her face. In four days under his care she could see, her eyes nearly natural, and I can scarcely rejoice enough that her sight is restored, and a career of usefulness again opened to her.

SODESKY SNOWDY.

I assisted in holding this child when the doctor examined her eyes, and can testify that the case was not overdrawn in the above statement.

Dr. LISTON, Surgeon,
General Infirmary,

115 GRAND STREET, ALBANY.

Mr. Cavert, North Pearl st., Albany, was cured by Dr. Liston, of what had been pronounced by two professors in the Albany Medical College to be a *hopeless Consumption*. They had been treating him in vain for some time.

Mr. John Lomax of Albany was cured of a long standing catarrh.

Mr. Walter Brower, of the firm of Brower & Sons, wholesale silver manufacturers in Albany, was cured by Dr. Liston of the "Albany General Infirmary," of "Minister's sore throat," accompanied by partial loss of voice, the result of over-exercion in delivering an address.

Eleven Maggots removed from the Ear of a Lady.—A lady in Waterford, Saratoga County, had eleven large maggots removed from her ear by Dr. Liston. It was the result of neglecting a discharge from the ear.

Wool removed from an Ear where it had remained twenty-eight years.—Dr. Liston lately removed among other matter, wool that had been inserted by Mr. Walker of Whitehall, for ear-ache, twenty-eight years before.

EMBALMING THE DEAD,

By Dr. HOLMES'S Process promptly attended to.

We would most respectfully call the attention of the citizens of Albany and vicinity to this new method of EMBALMING THE DEAD, which instantaneously arrests decomposition, destroys all offensive odor, and retains the body in a perfect state of preservation during our warmest weather.

The following is among the many equally substantial testimonials in our possession, showing the great preserving qualities of this invention :

"We have witnessed with much satisfaction Dr. HOLMES'S process of Embalming, performed on the bodies of a large number of persons who died from the effects of sun heat. Not seeing a single failure in these cases, and knowing their tendency to rapid decomposition, we have no hesitancy in expressing our full confidence in his discovery of preserving dead bodies for an indefinite period of time."

JOSEPH HILTON, M. D.,

WM. O'DONNELL, M. D.,

ROBERT GAMBLE,

Coroners of City and County of New York.

We will here also state that there is nothing about the embalming of a body, by this process, that is in the least repugnant to the nearest friend, it being merely the opening of an artery and injecting the body with a fluid.

**A. F. JOHNSON'S
GOLD MEDAL**

DOUBLE THREAD SEWING MACHINES,

Are now offered to the public at prices which cannot fail to meet with universal approbation. Every machine is manufactured under the superintendence of the inventor, and warranted. This machine is the most simple and durable two-threaded machine ever offered to the public; it has no springs, cut-offs, clamps, friction wheels, or useless devices of any kind to control the thread, and for speed and stillness it is unrivalled.

Prices varying from \$35 to \$50, according to finish and cabinet.

Read the report of the Committee on Sewing Machines, at the Mechanic's Fair, Sept., 1860, who awarded A. F. Johnson the highest prize, the GOLD MEDAL, the only Gold Medal given to any Sewing Machine.

A. F. JOHNSON, *Boston*. Four Sewing Machines. There are deserving of much notice. There are two kinds exhibited by Mr. Johnson, of which he is the sole inventor; and he has a number of patents, covering his improvements. One of these machines is capable of making two kinds of stitches. It will make the single chain stitch, or a double-thread stitch, entirely new. (*Multum in parvo*.) The change from one stitch to another is simple, and the work of but a moment. It is well adapted to all the different kinds of Family Sewing. The other machine makes the Double Lock Stitch in a very superior manner. These machines are all of new patterns throughout. They are each mounted upon an elegant table, wholly original with Mr. Johnson. They are very simple in all their arrangements and perfectly effective, are very cheap, and very ornamental, and they are sold at an extremely low price, placing them within the reach of most any family. Your Committee, taking into view the whole ground, believe that Mr. Johnson has produced a machine perfectly new; and for its beauty and effectiveness as a cheap family machine, they deem it worthy of a GOLD MEDAL.

MAYNARD & NOYES'
PERMANENT BLACK
WRITING INK.

TESTED FOR NEARLY HALF A CENTURY,

REGISTRY OF DEEDS OFFICE, Boston, Jan. 10, 1859.

Messrs. MAYNARD & NOYES: Gentlemen—I am glad that longer use of your Writing Ink enables me to repeat the testimony given in its favor many years ago. I have used it in this office thirty-seven years, and my oldest records are as legible and black as when first written. This rare quality for permanence renders it invaluable for State and County Records, and all mercantile purposes, where it is important that the writing should remain legible, and unchanged in color by the lapse of time.

HENRY ALLINE, *Register of Deeds.*

The above popular Ink, together with

RED, CARMINE AND COPYING INK,

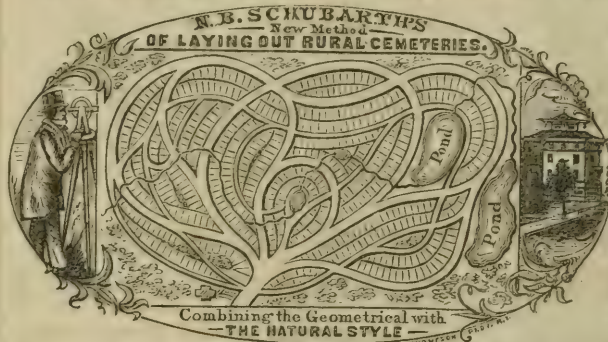

is for sale by the Manufacturers, at

No. 51 WATER STREET, BOSTON;

Also, at Wholesale and Retail, by Stationers and Booksellers throughout the United States and British Provinces.

N. B. SCHUBARTH, CIVIL ENGINEER AND ARCHITECT,

No. 2 Whipples Court, College Street, PROVIDENCE, R. I.,

Would respectfully call attention to this design, which is a new method or plan for laying out Rural Cemeteries, combining the beauty and variety of the natural with the compactness and economy of the Geometrical style of Landscape Gardening.

N. B. S., having had sixteen years experience in this business, is prepared to furnish designs and working plans for laying out public and private grounds, in any part of the UNITED STATES.

Persons who prefer doing the ground work themselves, can have plans sent to them per mail by forwarding a sketch and description of the ground. Where the surface of the ground is very uneven or hilly, an accurate topographical survey is indispensable.

J. L. LAIRDIESON, 37 FERRY STREET. TROY, N. Y., Reed & Harness Manufacturer,

AND DEALER IN

COTTON AND WOOLEN MANUFACTURERS' SUPPLIES.

Begs most respectfully to tender his acknowledgments to his numerous friends, for their patronage and support, so kindly afforded him during the past thirteen years. He has the most COMPLETE SET OF REED MAKING MACHINERY in the United States, by which means the following advantages have been obtained :

Shape and Uniformity of Dents ; Smoothness and Brilliancy of Polish ; Regularity of Count ; Ease when Weaving ; Firmness of Make and Durability.

Manufactures his IMPROVED ANGULAR REED for Weaving Elastic Cloth.

In the Harness department, his facilities are not excelled by any in the United States. Care is taken to use NOTHING BUT THE BEST Twine and Varnish that can be found.

THE MACHINERY FOR VARNISHING HARNESS

Is of a new and novel description (invented by himself), by which means the Varnish is completely Rolled into the Twine, and Brushed in a smooth, clear and perfect manner, not attainable by the usual system, and has *Proved itself* to be THE MACHINE during the two years it has been in operation.

Since the above Machines have been put into operation, a connection has been secured consisting of 16,000 looms, and which is increasing.

In connection with his Reed and Harness business, J. L. L. deals in all the **Supplementary Articles** required in Cotton and Woollen Manufactories. His arrangements with the principal Manufacturers of these Articles are such, that he can (having no rent to pay for this part of the business), and will adhere to his *strict rule*, to sell only at the *Makers' Prices*, and trusts to merit an increased patronage. With these facilities, strict personal attention, and *practical experience of over twenty years*, J. L. L. feels confident of his ability to give entire satisfaction to all who may be pleased to patronize him. *Satisfaction Warranted.* Manufacturers would consult their own interest, to keep samples of Spools, Bobbins, Shuttles, Pickers, &c., with him, from which they can order, thereby saving trouble and expense in ordering, being able to procure everything at one establishment.

Keeps on hand and will furnish to order at Manufacturers' prices,

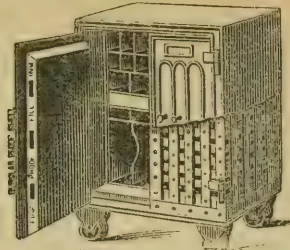

Bobbins and Spools of every description, Brushes for Ring-Travelers, Factory Dusters, Floor Brushes, Roller Brushes, Patent and Common Reed Brushes, Patent and Common Weavers' Brushes, Patent and Common Dressers' Brushes, Burling Irons, Belt Hooks, Belt Punches, Belt Awls, Card Cleaners, Comb Plate, Card Clothing, Woollen and Cotton, Mule and Drum Banding, Flyers and Spindles, Flat Wire, Glass Steps, Wire Harness (A.
